INTRODUCTION

ECSTFA is the Confederation of the European Federations who are officially registered at FISTF. European Club Competitions

Definitions

In Europe we have two distinct Continental Club competitions:

- a. ECSTFA Champions League.
- b. ECSTFA Europa League.

Both of these competitions are under the authority of the ECSTFA and played in the format of group phase/s and a knock-out stage.

These competitions are open to clubs from European member Nations that are acknowledged by FISTF and the ECSTFA. Only affiliated clubs can take part in these competitions.

Introduction

The playing format of the ECSTFA Champions League and the ECSTFA Europa League is the same but are played as two separate competitions.

These competitions are played on the last full weekend of October and no more than four clubs from the same nation can participate in each competition. To cover withdrawals and cancellations the ECSTFA board can nominate a "wild card" even from a nation that already has 4 teams. This can happen only if there are no other nominations from nations with less than 4 teams registered.

Confederation of Europe Sports Table Football.

The qualifying process is as follows:

ECSTFA Champions League.

- 1) Host. The organizing team.
- 2) Holder. The previous winning team.
- 3) The previous winning team of Europa League.

- 4) Top eight teams from eight different ECSTFA nations in the FISTF World Ranking end of May edition published in June. (One team per ECSTFA nation only.)

- 5) One team per ECSTFA member nation. Each ECSTFA member nation can nominate up to two reserve teams, to complete a 24-team competition if required.

If the host or one of the holders is the first ranked team from that country, then the next team from that country is qualified through the world ranking.

If Champions and Europa League take place at the same venue it is not possible for a country to register more teams at Europa than Champions League.

Only a team that was registered with FISTF and has played in at least one FISTF event in the previous season can participate either in the Champions or Europa League.

Confederation of Europe Sports Table Football.

If more than 24 teams apply who have the right to play in the ECSTFA Champions League, then the competition will go ahead with more teams, as these teams have qualified in accordance with these regulations.

To complete a 24-team competition with the reserve teams, the FISTF World Ranking end of May edition published in June will be used. If the 24-team competition is not reached, the competition will go ahead with the qualified teams in accordance with these regulations.

Each team will have to send the list of players to the organizers, at least 15 days before the event. Only the players registered can play or referee during the competitions. A maximum number of eight players than can be registered per team in each competition.

There will not be mandatory placing games. Those teams not qualified for the last 8 will have the option to compete for the Silver Champions Cup. The format will be decided by the organizers, depending on the number of the teams who will participate. Teams that do not participate in the Silver Champions Cup will take the world ranking points from the group round.
